PRODUCT LIST

Welcome

Thank you for your interest in Snack Happy DFW! Our company was started in order to revolutionize the vending experience for offices and businesses alike, and to revitalize the stagnate nature that the industry had sadly drifted towards. To this day, we continue to lead the industry, and we strive to keep improving! We appreciate your time, and we look forward to making you and your business, Snack Happy :)

Unmatched Equipment

Whether you have a 40,000 square foot facility with seemingly unlimited space, or you have an 800 square foot loft with extremely limited space, we have the machine that will work within every scenario. We are not affiliated with any single vending manufacturer like the “other guys”, and this gives us the flexibility to better serve our clients and their needs, rather than the big manufacturers and their pocket books.

Our dedicated team will analyze every location and every clients needs, and customize not only a location-specific product selection, but we will also recommend the appropriate equipment and provide adequate options for the client. One machine will not work for every location and every client, so why get cornered by the competition?

Cutting Edge Technology

All of our equipment is equipped with internet connectivity which allows us to not only remotely monitor the machine's functionality and inventory, but it allows our client the ability to customize the machine to fit their needs and vision.

As an HR Department or a Safety Department, would you like the ability to subsidize your machine's selections in order to reward your hardworking employees or to recognize safe behavior? No problem! From free vending tokens, to combo pricing, to time-of-day pricing, the customization options are endless and can be formulated to your company's exact policies and guidelines.

Don't get stuck with an outdated, dilapidated machine from the last decade!

Full Service Vending Provider

Product Templates

Customized options for every location! You can choose to go with just one template, or a combination of all three!

HEALTHY OPTIONS

Popular Trend

Consumers and businesses alike have overwhelmingly shifted their interests towards more healthy alternatives and are increasingly demanding more healthy options.

STANDARD OPTIONS

Classics

Traditional snack and drink options that have dominated the vending space for decades are popular in high foot traffic locations.

UNIQUE OPTIONS

Highly Customizable

From a hotel offering toiletries for its guests, to offices offering microwavable meals for their employees, we can vend it all!

Impressed? Next Steps

STEP 1

Reach out to our analytical department and request a FREE location analysis.

01

STEP 2

We will propose the recommended service/equipment needed for your exact situation and explain your options.

02

STEP 3

We will then schedule shipment and installation based around your schedule - at NO cost to you.

03

STEP 4

Our inhouse installation crew completes your install based off of your precise requirements, and you enjoy your 100% free service.

04

Snack Happy DFW

Frequently Asked Questions

“ How much does your service cost?

Our service is now, and forever will be 100% FREE. There is no monthly rental fee. There is no charge for the shipment and installation of the equipment. There is no charge for us removing or downsizing the equipment. There are never any charges for anything, ever!

“ What if I already have vending onsite?

We would love to replace your existing vending service and show you exactly what customer service and customer satisfaction SHOULD be, but... if you would like to add our service and keep your existing service, we will custom tailor your selections around not only your needs, but around your existing selection(s) as well. This will maximize the selection that is available to your clients and/or employees, and will ensure that everyone has the options available that will make them Snack Happy®.

“ Are there any monthly minimums or requirements?

No! Our analytical department does a fantastic job analyzing each location and recommending the exact equipment and services needed for that location, thus never creating a situation where we have under-performing or under-served locations.

“ Are you and your equipment insured?

Of course! All of our employees and equipment are fully bonded and insured. Proof of insurance coverage can, and will be provided upon request.

Snack Happy DFW

Frequently Asked Questions

How often do you service and fill the equipment?

All of our equipment is remotely monitored 24/7/365. Inventory alerts get sent directly to our service department the second the machine realizes a low level. A typical machine requires weekly fillings, but many of our machines require more frequent servicing.

Am I responsible for broken, stolen, or vandalized equipment?

As our client, you are never responsible for anything! All of our equipment and parts are covered under a 100% lifetime warranty, and we cover all labor costs. Theft and vandalism is rare, but again, no worry for you - we have you covered! (That's what insurance is for, right?)

Are there any contracts or binding terms needed prior to delivery?

No! There are no contracts or binding terms, and in fact; all of our services and equipment come with a 100% satisfaction guarantee!

What if my location requires rare or special selections?

We've partnered with the same suppliers that supply all of the major convenient stores and grocery chains. If it's available, we can get it! Don't let a food allergen, or special circumstance prevent your employees and clients from enjoying a fantastic vending experience!

How long does this process usually take?

From the time you first reach out to us, to the time your equipment is installed and operational is usually within 3-5 days. What are you waiting for?!

As Managing Partner & Original Founder of Snack Happy DFW, it has been my mission everyday to revolutionize the vending industry and to totally flip the stagnant industry upside down. I believe we have made an enormous dent in that agenda and I am constantly overwhelmed with the feedback thus far, but I am dedicated to continuing this process and furthering the progress in this industry. Thank you again for your interest in Snack Happy DFW, and I look forward to making you and yours, Snack Happy® *real soon!*
